# Memorandum

TO : SAC, DALLAS

FROM : INSPECTOR JAMES R. MALLEY

SUBJECT: ASSASSINATION OF  
PRESIDENT KENNEDY, 11/22/63  
AFO

DATE: 11/28/63

Mr. SCHUTZ of the Bureau called at 4:40 PM and dictated the following five items:

(1) Eye witnesses at the scene of the shooting saw an individual holding a rifle on a 6th floor window of the Texas School Book Depository Building -- an individual who took deliberate aim and fired three shots as the Presidential motorcade passed by.

(2) Check the following times: We have communications from Dallas showing the time of death for TIPPETT as 1:13 PM. We also have a taxi driver showing the time of TIPPETT's shooting at 1:25 PM. We also have a teletype showing the landlady saw OSWALD come home after the assassination at about 1:00 PM. She says he got home at 1:00 PM. The bus driver had him aboard the bus at approximately 12:45. Make sure that our times jibe. We question being on the bus for a couple of blocks in traffic and then getting in a taxicab and driving about three miles in the space of about three minutes.

(3) Did FRAZIER, the car pool buddy, physically identify the sack in which he carried the rifle. Has he looked at and viewed the sack? Could we get him to view it or do we have it up here? If we have it back, get him to view it and identify it. If we don't have the sack, show him a picture.

(4) The landlady recalls seeing a holster in OSWALD's room on the day of the assassination. Do the Police have this holster? If they got it, did we ever get it? Where is the sidearm holster? Check on where it is at the present time. Where is the gun?
